FOR IMMEDIATE RELEASE

MARYDEL, Delaware - February 18, 2009 - A new Rosenbauer pumper is in the works for the Urbana Volunteer Fire & Rescue Company in Frederick County, MD. The department chose a Spartan Gladiator LFD chassis that will feature a 10" raised roof for additional room. The power plant for the rig will be a Cummins ISL 425 horsepower motor coupled with an Allison EVS 3000 automatic transmission. Rosenbauer's General facility will construct the aluminum body that will also feature an aluminum subframe. A Hale QMAX 2,000 GPM pump will be supplied by a 750 gallon water tank and complimented with a FoamPro 2001 proportioning system and 20 gallon Class A foam cell. Both the crosslays and rear hosebed were designed so that the floor of each is only 65-1/2" above the ground. Other notable features include a Harrison 10kW hydraulic generator, Will-Burt NS10 6000 light tower, multiple FRC quartz lights, Whelen LED warning light package, and a Firecom intercom system. The truck was sold by Ron Willett (ronwillett@dpcemergency.com).

Urbana, Maryland - Proposed Apparatus
