## FOR IMMEDIATE RELEASE

MARYDEL, Delaware - December 14, 2009 – The Providence Volunteer Fire Company in Baltimore County, Maryland has awarded Rosenbauer a contract to build the department's new aerial ladder truck. The 109' rearmount ladder will replace the current Truck 297, a 1990 Simon-Duplex/LTI 110' rearmount aerial.

Built on a Spartan Gladiator LFD chassis with a Cummins ISM 500 horsepower motor, the aluminum body will offer nearly 400 cubic square feet of usable compartment with several compartments being transverse in depth. On Scene Solutions Night Sticks and Ground Illuminating Rub Rails will be installed to illuminate the compartment interior and underbody area. The Rosenbauer Viper 109', 4-section aerial ladder will be outfitted with many features including a pair of FRC Optimum 750-watt quartz lights at the tip. In addition the rig will carry over 200' of ground ladders and have two pre-connected Holmatro CORE hydraulic reels.

The truck will be outfitted with Whelen M Series Super-LED warning lights along with four Whelen Freedom FNMINI LED lightbars on the cab roof. Providing power to multiple FRC Optimum quartz lights including a pair of brow lights, along with multiple outlets and a pair of Hannay electrical reels is a Harrison 20kW hydraulic generator.

The truck was sold by Ron Willett.

A family owned and operated company, DPC Emergency Equipment has continuously served public safety personnel in Maryland and Delaware for 19 years. DPC is an authorized sales and service dealer for Rosenbauer, Spartan Motors, Wheeled Coach, and Road Rescue in both Maryland and Delaware.
